## Model: LC-40B 40 Port USB Charging Station

For the battery-intensive mobile devices of today, a standard USB charger is not sufficient for charging. LC-440 40-Port USB Charger is the solution, allowing you to charge up to 30 tablets, phones or other mobile devices all at the same time. Up to 5V, 2.4A (12 Watts) of power is provided to each port.

## Overview

---

Perfect for charging the most power-hungry devices such as the Apple iPad. With a maximum of 300W, you can provide up to 5V, 2.1A per port simultaneously. So whether you're at home or in the office, you no longer need to go looking for an available outlet or unplug one device to charge the other, the 30 Ports USB Charger provides you with the ports and power you need.

Features over-heating, over-current, and over-charging (stops charging when device battery is full) protection. Includes an internal, dual-voltage (100-240V) power supply - no bulky external power supply required.

Compatible charging but not limited for all iPad models, all iPhone models 5/s, 4/s, 3, iPod, Tablets, Smart phone (Galaxy, Nexus, Droid, HTC ONE, GALAXY NOTE) digital cameras, Bluetooth headsets, GPS (global positioning system), Hero Camera and other USB charger function devices.

## Specification

---

<b>Model</b>	<b>LC-40B</b>
<b>Functionality</b>	Charge only
<b>Number of Ports</b>	40 ports
<b>Dimension</b>	<b>125*252*65mm</b> (L*W*H)
<b>Case Material</b>	Metal
<b>Color</b>	Black
<b>Power Adapter</b>	5V 60A(Built-in) 300W
<b>Output</b>	5V 1.5A
<b>LED Indicator</b>	Blue & Red
<b>N*W(g)</b>	2000g
<b>G*W(g)</b>	2500g

## Features

---

### Charges Up to 30 Devices at the Same Time

- \* Built-in 300W(5V 60A) power supply, Simultaneously Charges up to 30 tablets, phones or other mobile devices;
- \* Provides up to 5V, 1.5A per port to 40 ports simultaneously, An individual port can provide a maximum of 5V, 3A of power;

### Smart Charge

- \*Delivers up to 5V, 1.5A per port, enough for charging battery-intensive devices like the Apple iPad
- \* With 40 Smart USB ports, that can each charge at up to 2.4A your devices can get charged much faster then regular 1A chargers!
- \* Protects against overheating, overcurrent and overcharging.

### Status Indicators

- \*40 LED indicators for 340 USB ports displays power activity.

### Accurate Digital Voltmeter

Accurate to 0.01V, allowing you to observe the charging situation at any time, it can monitor the Volt of charging status.

### **Multiple Protections**

\* Safe charge: No damage to the charging device, because we use smart chips to provide stable charging current ,Built-in overheat, overcharge, overcurrent, overload, surge, short circuit protection in the multi usb charger, protecting your devices automatically and greatly extending the battery lifetime of your devices.

\* Certified with safety, 100-240 volt AC input eligible for worldwide use, ensuring complete safety for you and your devices.;

### **Widely Application**

\* Ideal for charging power bank, tablets, cell phones, and other devices in public place(office, coffer bar, school, hospital);

\* Delivers up to 5V, 1.5A per port, enough for charging battery-intensive devices like the Apple iPad Protects against overheating, over current and overcharging;

\* Connect devices to 40 unit's USB ports for proficient charging Functions anywhere AC power is available –no computer required;

\* Any device with a USB charging cable is compatible.

### **Package Includes**
